SHRI THAKURDWARA BALIKA VIDYALAYA

Senior Secondary Public School (Affiliated to C.B.S.E., New Delhi)
Affiliation No.- 2130280, School Code - 60130

About Institution

Introduction

Shri Thakurdwara Balika Vidyalaya which was established in 1994, by some eminent and enlightened citizens of Ghaziabad, is one of the very renowned schools in the city. The motive of the school is to impart better educational opportunities to the girls. The School Authority has structured the fee according to the affordability of the middle class group of the society, which would not prove to be a burden on the pocket of the average population of the city. Even building fee (In any form) is not charged from the students / parents. Infact all the building is being constructed from the donations, received by the members of the school society. This motive is inspired by the need and the wish to provide the best education to the better half of the society. It provides a platform to the girls to cultivate physical, moral and intellectual capabilities/ talents. And thus, it helps them to prepare for the various challenges faced by them at different stages of life.

The Institution “Shri Thakurdwara Balika Vidyalaya” is on its way to establish a milestone in the education of girls, who are responsible for the continuation and development of human race.

The school is situated in the heart of the city at Hapur Road T-Point, G.T. Road, Ghaziabad . It is adjoining to Shri Thakurdwara Temple.

Our Mission

The School aims at all round development of personality of its students in order to meet the challenges of modern life. By Imparting education of different fields, students can be successful in every sphere of school activity. The ultimate objective is to cultivate the spirit of devotion towards duty, discipline, integrity, humanity, selflessness and loyalty. Our aim is to produce good citizens by imparting a conducive, moral, intellectual and physical education with a view to develop their talents and potentialities which prepare them to face challenges of real life practically.

Words from Principal's Heart

Dear Parents and Students,

“We are what we repeatedly do. Excellence, therefore, is not an act but a habit”.

I am honoured and privileged to lead the esteemed Vidyalaya as a Principal. It's certainly a matter of pride that the Vidyalaya which was started with 27 girls, is now reached to a landmark success with 2700 girls. In this remarkable period of 29 years, 25 batches of class Xth and 23 batches of class XIIth have passed out successfully.

We offer our girls the best possible opportunities to become confident and thoughtful for bringing out their potential for academic and overall development. We aim to empower our girls, to make them capable in the service of the Nation and Humanity also. Our Curriculum and Practises are consistently reviewed to develop and enhance their life skills too. In this perspective, the school band is an excellent tool for teaching students the importance of following directions, teamwork and discipline in their lives.

It's really an honour itself that our school band is being identified at different levels. On this Independence Day, when the whole nation was celebrating '**Azadi Ka Amrit Mahotsav**', our School Band gave a **Spectacular Performance at National War Memorial, New Delhi** and brought Laurels to the School.

For us, educating a child means to train the Body, Mind, and Soul of the student. To accomplish our mission of preparing the students to be productive citizens and life-long learners, we are blessed with the generosity of God and optimistic approach of our Founder Manager Shri Ajay Goel & the joint efforts of Worthy Teachers, Students, and their Parents.

“Let's inject **HOPE** in people around us, if we decide not to be defeated, then we can't get defeated.”

So, keep injecting **HOPE** in every one's life.

With all good Wishes for everyone's Health & Safety.

A. LABORATORIES

1. **Science Lab :** The school is having separate laboratories for Physics, Chemistry and Biology. The aim of these labs is to create active interest in scientific learning and to develop scientific attitude in students.
2. **Maths Lab :** Without any use of Maths, there will be a pause all around the world. It is, therefore a significant subject but the main problem is the way of presenting the subjects especially with a child of less aptitude. The school aims to make this subject easy & simple and in order to comprehend certain difficult concepts, our lab is well equipped with basic models and theorems in Maths.
3. **Home Science Lab :** "Home Science is concerned with the attainment of the well being of individuals and families, the improvement of homes and preservation of values significant in home life" Ellen Richard.
Keeping the views of Ellen Richard in mind, the school has started Home Science as a subject for XI & XII class students. To make this subject interesting and appealing, different practicals are organised by the teacher in Lab.
4. **Social Science Lab :** To make this theoretical subject simple, lucid and easily understood by the students, We have, well maintained S.St lab with the aid of innovative approach like projects, models, etc. so that our students are able to understand this subject interestingly.
5. **Computer Lab :** "A Computer is a combinations of IT Basics, IT Tools and IT Applications and Much more...." This School trusts in Providing an ample opportunity to its students to ensure consistency. So, we are providing three Computer Labs with Projector and Hi-Tech Computers having internet facility.

Senior Lab is mainly meant for classes XI and XII and Junior Labs are for classes VI – X.

6. **Commercial Art Lab:** Commercial Art is a part of Applied Art. The objective is to increase creative skills among students. They can be self dependent by adopting any of its courses after XII. In future, they can become a freelance Landscape artist, Book cover designer, Poster designer, Good calligrapher etc.
7. **Fashion Studies Lab:** The School has a Fashion Studies Lab to provide the students independent course in the field of Fashion Studies. This is a path consisting of modular studies and points out their skills in drawing, knowledge of fabrics designing and garments stitching moreover Fashion Studies provides the comprehensive opportunities that prepare the students for their future careers in this field.
8. **Music & Dance Room:** "Music & Dance are God's most magnificent and delightful gifts that bring joy to the body and calmness to the soul".
Keeping this view in mind, we have a well-equipped Music and Dance room having various musical instruments. Students learn there to play different musical instruments and also learn different forms of dances.
9. **Gymnasium:** The school has a gymnasium for the students to build up strength, stamina and speed that are vital for games & sports.
10. **Smart Classrooms:** In an era of IT revolution, teaching can not stay far behind. Teaching at the school is a fine blend of latest multimedia technology. Students get all the ICT support in their Smart Class Rooms and are encouraged to perform as digital learners.
11. **Audio-Visual Room:** Our school has a well-equipped & furnished Audio-Visual room. The main purpose of having this facility for students is the fact that whatever is seen by our eyes is retained by the brain more effectively than just reading or listening to it. The A.V. Room caters for junior as well as the senior sections of the school. Latest technique of multimedia projector is employed here. The many faceted Audio-visual Room is used to show visuals and slides pertaining to study different subjects, to demonstrate theorems, rules in Physics laws and experiments. It helps to visualize the experiments to be performed in Labs and it shows practical Day-to-Day Applications of the Scientific Laws. Students can also demonstrate their prepared projects with the help of Projector.
12. **Language Lab:** Our school constitutes a well-furnished Language lab which is used for learning through teacher's console and Language Learning Software. It acts as a platform for learning, practicing and producing language skills through interactive sessions & communicative mode of teaching. It helps to maintain good linguistic competence through accuracy in grammar, pronunciation & vocabulary.
13. **ATL (Atal Tinkering Lab):** In order to create an environment of scientific temperament, innovation, creativity among the students, our school has taken an initiative to provide activity based learning where young minds can give shape to their ideas. As truly said by Robert A. Heinlein: **"Everything is theoretically impossible, Until it is done".**

So, it is a step towards a new India that will embrace and encourage novel and innovative ideas and inventions. As technology is the torch which illuminates the world, as the nation will remain the first which carries the works of thought and intelligence farthest.

B. Library

An overall development of mind is always in need of healthy, sound & tranquil environment. Keeping this thought in mind we are having two well-equipped libraries in our school. One is Junior Library mainly meant for classes VI-IX and other is Senior Library mainly for X-XII. These two libraries have more than 32,000 books and an ample space where students can read. Certain features of our school libraries are:-

- ◆ Well stocked foreign edition of books.
- ◆ Book sets and refreshers for board students.
- ◆ Encyclopedia and reference books.
- ◆ Number of magazines is about 35 monthly.
- ◆ Facility of one library card is given to the students to have an opportunity to issue two books for enhancing their reading capability.
- ◆ Provision of free books for financially weak students.

"Reading is to the mind, what exercise is to the body". (Richard Steele)

Virtually, the words of Richard exhibits to be true & trustworthy with the help of well- equipped library.

C. Medical Facilities

" A Sound mind lives in a sound body."

The School has a well-equipped and air-conditioned health unit that looks after the well-being of all the students during school hours. Our well trained and qualified nurse keeps an eye on their general physical condition and provides first-aid treatment in the times of need. The nurse also provides them advice on Food & Nutrition.
